SUBJECT: Agreement to Amend UTU 69850 Quarry Operation.

Dear Mr. Simmons:

Per our agreement on May 12, 1995 at the San Rafael quarry site, the storage facility areas, and portion of quarried area will be reclaimed within next three months. Our plans are to remove explosive storage's, office trailer, and fuel tank to a new location inside quarry (please note enclosed map). We estimate this reclaimed area to be approximately 7 - 8 acres. As soon as we complete with reclamation work I will inform you, and invite you for a site visit for our next step.

Thank you for your continued cooperation and assistance in this regard.

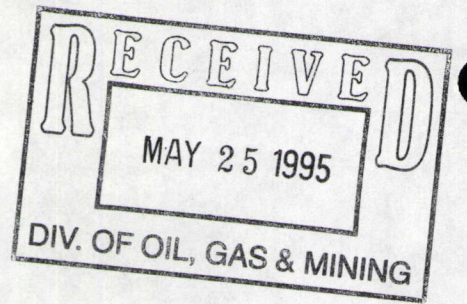

Very truly yours,

Georgia - Pacific Corp.
